

EDNY ADR DEPARTMENT

Workshopping Mediator Ethics

Confidentiality, Neutrality, and the Duties
of the Attorney/Mediator

Facilitated by Professor Alexandra Carter and the Columbia Law School Advanced Mediation Clinic, this program will engage participants in a series of small group discussions focused on ethical issues that arise during the course of a federal mediation. Topics will include ethical concerns that impact mediator confidentiality; events that may compromise mediator neutrality; and those moments where federal mediators may need to balance ethical guidelines designed for attorneys with ethical guidelines designed for mediators.
